Oggetto: Recall : call for paper : 9th Avian French Research Days (2011)

9^{èmes} Journées de la Recherche Avicole (9th Avian French Research Days)

The international opening

Meeting place between researchers and professionals of aviculture, the "Journées de la Recherche Avicole" (JRA) will be held on **March 29th and 30th, 2011 in TOURS (FRANCE)**. This French congress is organized by ITAVI, INRA and AFSSA, with support of the French branches of the WPSA and the WVPA.

All themes of aviculture will be treated; each session will be introduced by an overview, allowing a review of current issues in poultry industry. :

- **Markets and consumption,**
 - *Major changes in the European Union chicken and turkey trade in the last decade. Y. TREGARO - FranceAgrimer*
 - *Outlook and issues for European egg industry on the eve of 2012. P. MAGDELAINE – ITAVI and Véronique GONNIER - CNPO*
 - *Main developments and driving forces of meat consumption. The specific case of poultry meat. P. HEBEL – CREDOC*
- **Innovate to last,**
 - *Poultry acclimatization to warmth and cold during incubation. A. COLLIN – INRA*
 - *Innovate to improve the sustainability of poultry production systems – the main results obtained within the framework of the UMT Bird :*
 1. *Optimizing the use of feed*
 2. *Guaranteeing product quality*
 3. *Integrating this research into a multicriteria evaluation*
- **Interaction between nutrition – genetics - welfare,**
 - *What are the strategies to meet the new regulations for broiler welfare?*
 1. *Impact of genetic factors. C. ARNOULD – INRA, E. DUVAL – INRA and V. MICHEL - AFSSA*
 2. *Broiler breeder nutrition: some working axis. M. PANHELEUX – CCPA and P. FROMENT – INRA*
 3. *Managing feed while maintaining broiler welfare. M. MAGNIN – BNA and I. BOUVAREL - ITAVI*
- **Pathology and prevention,**
 - *Colibacillosis in the French poultry network. C. SCHOULER and an other speaker to define*
 - *Genomics and resistance to disease. F. CALENGE - INRA*
- **Hygiene and food quality,**
 - *Campylobacter in the French poultry network. G. SALVAT – AFSSA*
 - *The molecular defence systems of the egg. S. REHAULT - INRA*

For this 9th edition of JRA, a **simultaneous translation** (French into English) will be available for foreign participants in plenary sessions and workshop "Raw materials, feed and nutrition".

Every **overview** will be followed by **short communications**. **Workshops** will be organized, allowing authors to explain briefly the objectives and conclusions of their study, and to allow discussions and debates. **Posters** will be exposed and consulted by the participants at break time. **All the overviews, communications and posters will be in French language.**

Information for authors,

Abstracts should be submitted on JRA website (www.journees-de-la-recherche.org) before **August**

31st, 2010.

Authors will be informed on the result of the abstract review committee before **September 30th, 2010.**
Full text for the accepted abstract must be received before **November 30th, 2010.**
